Pools, daybeds and sun loungers, bars and lounges blend into the natural setting and invite relaxation and contemplation. The hotel's 52 double rooms, 2 junior suites, 18 suites and apartments are decorated in warm Mediterranean tones and natural materials.

RESTAURANTS

Elegantly Relaxed

RISTORANTE ECCO, **RISTORANTE APHRODITE** and the Poolside Restaurant pride themselves on their quality, sustainability and first-class service. **RISTORANTE ECCO** is renowned for its richly aromatic cuisine. Awarded two Michelin stars, talented young chef Rolf Fliegaufl lets natural ingredients and flavours shine in his diversified menus, each one a culinary masterpiece. He gained additional two Michelin stars for his second restaurant at the **GIARDINO MOUNTAIN**, the **RISTORANTE ECCO ON SNOW**. He is the only chef in Switzerland calling four Michelin stars his own.

The main restaurant **RISTORANTE APHRODITE** is known for its Mediterranean specialities. For a more laid-back scene, there is the Poolside Restaurant, serving guests delicious Italian antipasti, pasta and freshly grilled fish at lunch.

With the **GIARDINO DINE-AROUND** concept, guests can choose to dine at the **RISTORANTE APHRODITE** at hotel **GIARDINO ASCONA** or **GIARDINO LOUNGE E RISTORANTE**, both in Ascona, or **RISTORANTE LAGO** at **GIARDINO LAGO** in Minusio-Locarno. dipiù SPA by GIARDINO

RELAX AND DRIFT AWAY

Besides dining in style and relaxing in the comfort of your room, you can unwind, revive and re-energise mind, body and soul at the **dipiù SPA by GIARDINO**. This tranquil SPA is renowned for its signature **dipiù COSMETICS**, created by Daniela Frutiger with Ticinese essential oils and active ingredients. Particularly worthy of mention is the Merlot grape seed oil from the well-known Ticinese winery Tenimento dell' Ö. **AVEDA**

products and SPA treatments using the healing benefits of Ayurvedic medicinal plants complement this offer. For centuries, these pure flower and plant extracts from all over the world have been combined with relaxation rituals.

For health-focused guests, the new **BODYSTYLE** programme boosts fitness and energy levels to offer an even greater sense of well-being. This concept is based on five principles: body analysis and consultation, ultrasound therapy, dietary advice, vibration training and fitness, and relaxation.

KIDS & FAMILY

Families receive the warmest of welcomes at Giardino. Hotel **GIARDINO ASCONA** has a kids'club with childcare, a palm-fringed beach, a football pitch and a daily activity programme to keep the little ones amused.

GIARDINO LOUNGE E RISTORANTE, ASCONA

Combining bar, lounge and restaurant, **GIARDINO LOUNGE E RISTORANTE** is a unique catering concept right in the heart of Ascona's banking and shopping district. Its eye-catching centrepiece is the 12-metre-long and three-metre-high **GLAMOROUS GARDEN**. In collaboration with Daniela und Philippe Frutiger, the Milanese celebrity designer Matteo Thun has successfully captured the **GIARDINO** spirit of harmony, open-mindedness and positivity with this vertical wall flourishing with real plants. On the menu is Jagpreet Singh Alang's Indian fusion cuisine. Jagpreet's imaginative Indian cuisine amazes and delights with intense flavours and healthy spices.

GIARDINO LAGO, MINUSIO-LOCARNO

A vision of turquoise and white overlooking the glittering Lake Maggiore, this fashionable hotel is the baby of the **GIARDINO HOTEL GROUP** and fittingly attracts a young clientele. The boutique-chic retreat is located in the small locality of Minusio, not far from Locarno's promenade. Guests can waterski, wakeboard and explore the shore with one of the hotel's stand-up paddle boards from the beach in front of the In-Place.

RISTORANTE LAGO

RISTORANTE LAGO combines a laid-back atmosphere with striking architecture and breathtaking views of Lake Maggiore. Warm days invite relaxation at the one-of-a-kind, 400m **ROOF LOUNGE**, with stylish outdoor furniture by DEDON. This new Ticinese hotspot tempts with simple and authentic tapas, which make the most of local produce and seafood.

For fans of grill specialities, the highlight of the restaurant is the US Premium Black Angus Beef, prepared in an 800°C infrared oven, which preserves the full flavour of the meat, grilling it until tender, juicy and meltingly soft. With the **GIARDINO DINE-AROUND** concept, guests can choose to dine at the **RISTORANTE APHRODITE** at hotel **GIARDINO ASCONA** or **GIARDINO LOUNGE E RISTORANTE**, both in Ascona, or **RISTORANTE LAGO** at **GIARDINO LAGO** in Minusio-Locarno. GIARDINO MOUNTAIN, CHAMPFÈR-ST. MORITZ

ROOMS AND SUITES WITH FEEL-GOOD FACTOR

Warm and spacious, the 78 luxuriously appointed rooms and suites are blissfully calm retreats. High quality regional materials, exclusive designer furnishings and decorative flourishes create an ambiance of contemporary luxury and invite total relaxation.

DIVERSITY ON A PLATE

Fine diners are in their element at GIARDINO MOUNTAIN's three restaurants. Markus Rose puts his own refined touch on modern Mediterranean cuisine in the main restaurant, RISTORANTE GUARDALEJ, in the evening. More traditional is the Engadiner STÜVA, also under the direction of Markus Rose, which opens for lunch and dinner and dishes up authentic and hearty Bündner flavours.

Enjoy snacks and light meals by a crackling open fire in winter or alfresco on the terrace when the weather is fine in the comfortable Bar-Lounge.

The culinary highlight is undoubtedly the exclusive RISTORANTE ECCO ON SNOW which attracts gourmets from near and far. Rolf Fliegau was awarded two Michelin stars for his aromatic cuisine. At the mother hotel of the chain, the hotel GIARDINO ASCONA, Rolf Fliegau gained another two Michelin stars. He is the only chef in Switzerland calling four Michelin stars his own.
